Manual for the completion of order forms for window mosquito screens

Forms should be completed as follows:

In the box with **Order number / Company**, please write the name of your company and consecutive order number in the given year e.g. MOSKITO 2/2014.

In the box with **Mosquito screen colour RAL**, please write the colour you wish for the frame e.g. white, chocolate, walnut or RAL number e.g. 9016, 8017, 8028 etc.

In the boxes with **width** and **height**, please write the dimension of window clear opening size in millimetres e.g. width: 456, height: 1234.

Next, in the column with **Qty**, please write the quantity of the given dimension to be produced.

In the box with **Screen colour**, please write one of the options as regards the colour of the screen in your mosquito screen. Available options: grey screen, write **POP**; black screen: **CZAR**; aluminium screen: **ALU**; steel screen: **STAL.**

In the box with **PVC / Wood profile**, please write the type of window profile or, if you know the window system name, write this name e.g.: Veka Perfectline, STOLBUD Wood. In this box, you can also write additional information, such as information about additional sealing brush or information about floating mullion. If ordered mosquito screen is intended for wooden windows, please inform about the method of taking measurements i.e. whether they are the dimensions of clear opening size or whether the measurements were taken to the drip.

In the box with **Rabbet**, please write the thickness of rebate or rabbet incl. gasket. This data is necessary in order to select adequate dimensions of metal fittings for your mosquito screen.

Please leave the box with **Ø** empty.

In the box with **Type/model/version**, please write Standard PVC, Standard 45, Exclusive PVC, Exclusive 45, Universal PVC, Universal 45, depending on what profile is to be used for the production of your mosquito screen and what type of corner is to be used.

Please save this file in Excel format and send it to produkcja@moskitosystem.com.pl
